PRIMO GROUP

PRIMO DESIGNS AND MANUFACTURES TOMORROW'S PROFILES TO OPTIMISE PERFORMANCE AND SAVE RESOURCES.

Primo is an international extrusion specialist, supplying a multitude of industries with tailored polymer profile solutions, such as Building, HVAC, Energy, Lighting, Offshore, Medico, Electronics, Transport and many more. Quality, customer satisfaction, environmental matters and safety are of paramount importance to our operations.

Driven by our care for a better tomorrow and based on our extensive experience, know-how and proven process, we continuously seek to design and extrude the profiles of tomorrow that will optimise performance and save resources. Thanks to the private ownership of Primo, we have the agility, ability, and willingness to invest in the future. We treat our customers as long-term partners and steadily work to improve our footprint.

PRIMO

WE THINK THE WORLD OF PLASTICS

ENITOR PRIMO IS A LEADING CUSTOM PROFILE EXTRUDER LOCATED IN THE NETHERLANDS AND OFFERS A COMPLETE DESIGN AND PRODUCTION SERVICE

Enitor Primo is a true pioneer in the field of plastic profiles. Originally founded in 1938 under the name Enitor. In the fifties, we were one of the first companies in the Netherlands to utilise the advantages of extrusion.

EXTRUSION

We have developed a multi-stage extrusion in which various colours and plastics can be combined into a single profile. This enables us to produce combinations of colours, rigid and flexible materials.

THE POSSIBILITIES ARE LIMITLESS

Custom profile solutions specific to each client. Our profiles stand for success. We have been putting that philosophy into practice for more than 80 years. Enitor Primo does not make standard products. We always start by developing an optimally functioning product that is produced as efficiently as possible. To achieve this goal, Enitor Primo is always involved in the development from an early stage, because there are usually many more technical possibilities than the client may realise. Our input usually results in a better product for a lower price.

**OPTIMISE PERFORMANCE. SAVE RECOURCES.
PROFILES OF TOMORROW**

FACTS & FIGURES

80
years extrusion with a vision

75
extrusion lines

49,000
m² production facility

200
employees

5000
client-specific tools

Quality
ISO 9001
ISO 14001
OHSAS 18001

OUR VISION

To be the most efficient supplier of plastic extrusions in the world offering the highest quality customer experience and the best value product in the market.
