WE THINK THE WORLD OF PLASTICS

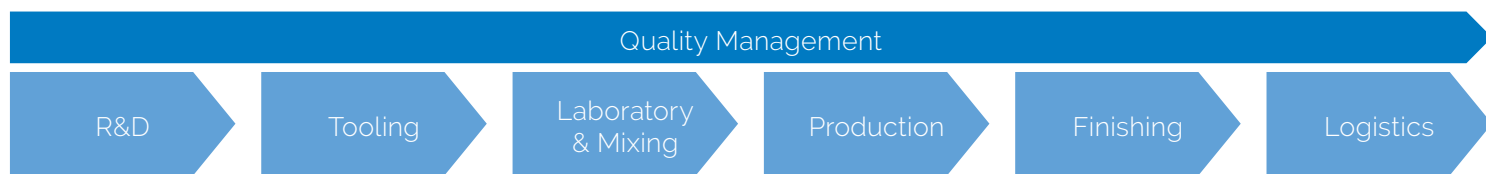

■ We are accustomed to living in a world of warmth, ventilation, air conditioning and climate control. Smart plastic solutions can help our clients realise the ideal air quality and temperature standards. Some applications for our plastic profiles include air conditioning systems, filter boxes and ventilation grilles.

■ Wij zijn thuis in de wereld van warmte, ventilatie, airconditioning en klimaatbeheersing. Met slimme kunststof oplossingen helpen we onze klanten een goede luchtkwaliteit en -temperatuur te realiseren. Onze kunststof profielen zijn ondermeer te vinden in luchtbehandelingskasten, filterkasten en ventilatieroosters.

■ Wir sind in der Welt der Wärme-, Lüftungs-, Luftaufbereitungs- und Klimatechnik zuhause. Mit cleveren Lösungen aus Kunststoff helfen wir unseren Kunden, eine gute Luftqualität und -temperatur zu verwirklichen. Unsere Kunststoffprofile finden sich in Lüftungsgeräten, Filterschränken und Lüftungsgittern.

ALL PROCESSES UNDER ONE ROOF AT ENITOR PRIMO

“End to End Process ensures success”
