

# Vacancy Project Manager Inter Primo Tools (IPT)

## Project Manager Inter Primo Tools (IPT) Buitenpost

The Primo Group offers an exciting new full-time position as project manager of our established tooling competence centre, Inter Primo Tools, IPT.

You will be part of the Tooling Management Group and a team of 35 dedicated designers, toolmakers and tool tuners.

Your primary working place will be at our entity in the Netherlands, Enitor Primo, plus our tooling facilities in Denmark and Finland.

### Your main responsibility areas will be:

- Overall project management
- Overall planning of IPT activity
- The team's internal and external communication
- Driving and coordinating internal meetings
- Calculating and submitting tool quotations
- Extracting and visualizing the team's KPI's
- Assisting in implementing a new ERP system in IPT

### Your profile – we expect that you:

- are engaged and responsible, with a positive spirit
- speak and write English easily, since English is our corporate language
- are a skilled communicator
- as a minimum have an HBO as educational background
- have strong IT skills; Excel, BI, MS Projects - and experience with ERP systems
- have experience with project management and planning

### What we offer:

- A new and exciting job in a market leading company
- A dynamic and creative working place
- An internationally oriented working environment
- An excellent package of terms of employment
- A well-organised working place with lots of development opportunities
- An informal tone among dedicated colleagues
- A strong team with high ambitions
- Extensive freedom and responsibility

### Who we are:

- Caring; we care about our colleagues and our business
- Open-minded; we are curious and seek new ways
- Reliable; we keep our agreements and meet our deadlines
- Execute; we get things done, we deliver
